

EXPLANATORY PROVISIONS OF ASSETS ORIGIN:

Banco Espanol Isabel-II Escolta, Aduana, Manila 1850

Banco Espanol Filipino Offshore Capital, ILOILO City 1851

Pursuant to the provisions of the Royal Decree issued by the King of Spain to the colony in the East, Kingdom Hacienda Filipina is to establish a public bank, Cash and Gold equities of the bank was infused from the fruits of the land and income from the Spanish Galleon Trade, trading gold and silver to the west continent in particular with the U.S.A. and Europe, also at the time when sugar industry in the Visayan Region have boosted sugar export market to the western continent. In the establishment of the bank, Spain has no other participation in cash and gold equities except only, for the" NAME of ESPANOL" then Queen Isabel-II persuaded Don Mariano Borci Jr. to get into a marital relationship despite their senior ages on both their secular names : Don Mariano San Pedro y Esteban and Dona Isabel-II S.E. Marquis de Manila de Falcis to become part of the BORCI ROYAL CLAN and eventually got married and lived together as the Royal Couple during the colonial period until the mock battle of Manila triggered between Spain and the United States of America in 1898. The Royal Couple as very well-known has no biological sibling until they died in 1902 and 1903 in the Palacio Castilla, a palace built by King Honorio Borci in the name of his spouse consort Queen Adelaide Borci y Castile, now transformed into a Museum by the Government of Italy.

After the Treaty of Paris was ratified on the 10th day of December 1898, only the mock battle of Manila has ended the war, wherein the US military contingent moved to the Visayan Republic to pursue the war in an intent to destroy the name, honor, and well founded enterprises solely owned by King Honorio Borci and the members of the Royal Clans. While the war is on-going in the Visayan Region, American military sinanigans are preoccupied in looting the cash and gold in vault and warehouses of Banco Espanol Filipino Offshore Capital and carted away loots and burned the entire City of Iloilo collateral to the destruction and robbery of American stealth and retreat toward eastern islands to Samar Province where the military troops snatch the Balanguiga Bell and hided to Hawaii to declare their war glory. Gold Bars of Spanish Dungeons minted by the Federated Metal Division American Smelting and Refining Company and artifacts purchases of Spanish Galleon Trade remained in bunkers, others are safe and others are destroyed by trustees for relief of starvation and poverty for a long period of time to compensate them.

**THE BILATERAL MINESFIELD BREAKTHROUGH SUCCESSOR
AGREEMENT CONNIVANCE OF COLLABORATIVE INTERNATIONAL
BANKING SYNDICATE BY AND BETWEEN FERDINAND E. MARCOS,
MAO TSE-TUNG, AND CHIANG KAI-SHEK :**

Before the year of 1960's the world knew that China is a starving nation. Foods thrown to rivers by food hubs are save by people living in bamboo floats to feed their family. In 1965, Ferdinand E. Marcos become President of the Philippines and started fishing money from funders of his presidential bid and finally found Ayala Group of Company and its link with the Bank of the Philippine Islands and be friended with the Ayalas' to have uprooted the background of El Banco Espanol Filipino Offshore Capital that started the story of the world banking syndicate, OVERVIEW of which can be read to the written story of Marcos himself in his signed FIGHTING FAITH.

OVER TIME, by virtue of the powers vested in him by him, Marcos has collated facts and figures of El Banco Espanol Filipino Offshore Capital and the Banco Espanol de Isabel-II in Aduana, Manila and amended the latter's laws with laws of Ferdinand E. Marcos version of the bank's export and import operations in collaboration with the BPI or the (Bank of the Philippine Islands) with Republic Act No. 6424 to make it appear that El Banco Espanol Filipino Offshore Capital was founded through and from the fruits of the land of Hacienda Filipina covered by his SPURIOUS TITLE No. 01-4 and its engagement in export-import dealing with Global Fund to say less, the beginning of the International Banking Syndicated with Marcos stealth, shrewd and brilliancies that manipulated International Prime Banks worldwide to include head of state that listened to him at the CANCUM SUMMIT IN MEXICO to connived with him resulting to CANCUM SUMMIT RESOLUTION No. 93 as basis of nations to enjoy distribution of wealth from private right by virtue of USUFRUCT LAW, for him and for the Marcos family, cronies, friends and cohorts worldwide to collect interest and dues in his name and aggrandizement of elite societies, Code of C-3 or Committee of 300 and favored individuals who are now listed in the UN-ICJ Order of Arrest and immediate Detention.

As referred to in para-1, page 3, the delivered Cash and Gold to has tremendously changed China and its peoples life from rugs to riches now bullying Filipinos and the nation. IF not of Marcos bloodline with the Chinese, until today China would have been the poorest of the country in the world.

Ferdinand E. Marcos and Mao Tse-Tung are cousins by parental origin that made them close to reminisce the revolution in the Philippines that almost turned the country to communism in the 1960s. The bloody war that Marcos did never tell the Filipinos of what destiny shall has the country in turning to communism? The fact that it was a plot of the communist party of the Philippines thru Filipino leadership of his cousin JOSE MARIA SISON in close contact with Mao Tse-Tung? Does it an attempt of China to colonize the country after Spain, USA and Japan in its bid to enslave the Filipinos again? Ferdinand E Marcos is a pure Chinese descent and it is not a secret to military minds brewing a military coupe at that time. China was a beneficiary of 800,000 MT of AU that flooded China's banking system and able to build a strong military organization that plans to invade nations of territorial possession, deprived access to borderless nations and greedy to share economic technology transfer only for the benefit of

China just as you can draw pictures on the West Philippine Sea. Those years made Marcos to change his mind and continued maximum tolerance to curved disorder in the country until the people power came to justify the revolution as the people's right to rebel against the government and Marcos has to step down as President of the Republic in 1986 Peoples Power Revolution . Now, who gave financial support to MAKE China MIGHTY and STRONG? Is he not HIM?

MARCOS DECLARATION OF TALLANO CASH AND GOLD IS A HOAX:

Never so far as the Tallano Royal Family has landed in the Philippine soil as many of the Court of law of the land has come across to court decisions in land, cash and gold deposit named to be true that ended in an en banc decision of the SUPREME COURT OF THE PHILIPPINES.

Likewise, never does that the Tallano has existed to have lived in the Philippines time immemorial, except of the Tallano's claims that appears to be no one else but Ferdinand E. Marcos himself, his privies, proxies and persons acting in his behalf and stead, so as his wife Imelda Marcos is doing with the same claims of Severino Sta Romana Diaz as one and the same person until the UN-WBank Group ended Marcos stealth and shrewdness in locking and freezing all of the Marcos accounts worldwide. But for a long period of time, Marcos' proteges, cahoots, conivances and privies remained racketeering the same craft of issues in claiming global assets to induce money from ignorant victims hoping for the promised right time that fortune to come in the nearing days that Filipinos and the nation would be great again,

ALPHA OMEGA ACCOUNTS AND DEPOSITS :

TRIPLE AAA and TRIPLE 777 represent the name of the Father in the Higher Pass Hall Justice Book of Life > Aram Akdam Aksadam < or the Father, the son and the Holy Spirit. He is Omnipotent, Omnipresent and Omnisent. He is the Book of Life and Creator of the Spirit of the living and none of the living and all of the Universe is His. His first breath of Life is Saint Lucifer, the eldest son, brother of mankind to illuminate light and wisdom, but he rebelled against his Creator, and became the fallen angel. The Father created the Earth Globe and map all the fallen angels, but other flying angels that is pure and holy are among those that were imprisoned when Father closed the polygon of the Earth. The Father created the ancient City of Shinar, the Garden of Eden, the Paradise for the haven of the Holy Angels, but they were lured by the fallen angels that turned Nephilims and seeds of the serpent. And the Fallen angel Lucifer became ALMIGHTY GOD of Heaven and Earth. For the Father cannot afford to waste a single drop of water, all death over time, the Father made the blood of man ARIUM UTALLIUM thru the electromagnetic force of the EARTH, Blood of man became GOLD ARIUM UTALLIUM and in the highest form of commodity.

GOLD is the hottest item of the world, for without gold back up, no money can be printed as the Gold standard demand in full force. IT IS ONLY WONDERING why at the present time how are buried gold come to existence before the minting plants in earth was invented? As

Scripture say, the Creator has made everything for human subsistence on even date when He created the world and finished gold with different hall marks are not an exemption to it. And that in the 18th Century AD comes the birth of El Banco Espanol Filipino Offshore Capital established 1851 is just instrumental to add by spirit instruction to facilitate deposits with the CITIBank of NY, NY U.S.A. in addition to what is existing in the account for the Divine wealth meant to fill the gap burgeoning between the rich and the poor as to when Man cannot create, God provides. Marcos and deposited by Central Bank Governor Gregorio Licaros to the United States Federal Reserve at the pressures of the IMF-WBank during the midst of bloody apprehension by Marcos military rule to the Filipino people.

The Marcos Administration Confirmed later that SIX HUNDRED THOUSAND (600,000) MT was deposited in the Bank Credit Suisse, UBS Bank of Lugano and UBS Bank of Zurich, Switzerland in the name of Gunter Van Klauze a German name used by Tallano who is Marcos himself in cohorts with Henry SY, and Lucio Tan, FEM cronies now business tycoons in the Philippines, adversely, 600,000MT AU was a deposit of King Honorio Borci and Queen Adelaide Borci y Castile on the early days before the Queen's accidental death.
