EXECUTIVE SUMMARY

NVC Fund Bank operates as a premier supranational sovereign institution under the comprehensive authority of the African Union Treaty framework. Our sophisticated global banking infrastructure spans four continents through fifteen strategically positioned SWIFT codes, ensuring seamless international financial operations while maintaining full compliance with ISO 20022 and ISO 9362:2022 standards.

As a treaty-backed sovereign institution with over **\$10 trillion** in assets under management, NVC Fund Bank facilitates complex international transactions, correspondent banking relationships, and cross-border financial services for institutional clients worldwide. Our advanced blockchain integration through the NVCT stablecoin ecosystem positions us at the forefront of digital banking innovation.

This comprehensive documentation serves as the authoritative reference for our global SWIFT messaging capabilities, regulatory compliance framework, and operational infrastructure across our international network of banking relationships.

PRIMARY GLOBAL SWIFT OPERATIONS

The primary SWIFT identifier **NVCFGLXX** serves as our global operational code, representing NVC Fund Bank's supranational sovereign authority and facilitating all primary international correspondent banking relationships and cross-border institutional transactions.
